

BUSINESS CONTINUITY OBJECTIVES – 2025

1. Maintain certification to ISO 22301:2019.
2. Continue to determine the minimum level of services that are acceptable to the company to achieve stakeholder satisfaction during an unforeseeable incident.
3. Hold meetings to discuss, monitor, measure and review business continuity progress and opportunities for improvement with the Business Continuity Team.
4. Review our cyber security measures and update as considered necessary.
5. Ensure that the company has full confidence in providing business continuity in the event of a crisis through regular exercising of plans.
6. Ensure we maintain adequate medical and security response resilience on an International basis.
